

NOTICE - IMPLEMENTATION OF ROLLART

Skate Australia AAC, AACC & CAOC are very pleased to advise that the Rollart Scoring System will be fully implemented in Australia for the 2019 skating year.

The preparation for this historic event begins today!

Everyone has a part to play and we call on you to continue your dedication and hard work in our sport as well as bring your willingness and enthusiasm to enable a seamless transition.

Our first step in this preparation will be the immediate use of the Components scoring for the 'B' mark.

What this means is that from today for **all judges in all competitions** (local, State and National), will formulate the 'B' mark using the 4 Components in Rollart (Skating Skills, Transitions, Performance & Choreography).

What you can do now!

- ✓ Read as much as you can about Rollart
- ✓ More information on Rollart Scoring System including 'B' mark Components can be found at <http://www.rollersports.org/discipline/artistic/regulations>.
- ✓ Attend as many Rollart sessions as you can.

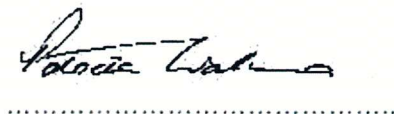

As a committee we are united in our enthusiasm and dedication to the success of Rollart in Australia, as this will ensure that our sport, skaters, coaches and judges gain the best possible outcome.

We look forward to working with you all on this historic event.
